

January 2010 – Freeport LNG Development Donates \$2,500 to Velasco Elementary

Freeport LNG Development, L.P., made a donation of \$2,500 to Velasco Elementary in Freeport. The funds kicked off a fundraising campaign that the school will use toward the purchase of new playground equipment for the school. The staff and faculty of Velasco Elementary are committed to providing academic, social and physical opportunities for students. This equipment, when combined with positive behavior supports, Physical Education (PE) and recess provides students with the opportunity to build self-esteem, reduce body fat, and increase strength and endurance.
