Freeport LNG and CEO Michael Smith Contribute \$100,000 to Brazoria County for Flood Relief

QUINTANA, TX, June 15, 2016 – Freeport LNG Development, L.P., and, independently, Michael Smith, Chairman and CEO of the company, have announced plans to contribute \$50,000 each to flood relief in Brazoria County.

The contribution will benefit non-profit organizations providing assistance to victims of the recent flooding along the Brazos River. The largest beneficiary will be the United Way of Brazoria County Flood Recovery Fund, followed by contributions to the Homeland Preparedness Project, Brazosport Cares Food Pantry, The Dream Center of Brazoria County and the Brazoria County SPCA.

Jenna Masters, Executive Director for United Way of Brazoria County said, “Mr. Smith and Freeport LNG continue to send a powerful message of philanthropy in Brazoria County. I would like to extend my sincerest gratitude for the corporate donation. This money will be put to good use to assist our Brazoria County residents and neighbors get back on their feet. There are many who have lost everything and the devastation is catastrophic. People are becoming antsy and impatient wanting to get back to their property. Those who are back want resources and need them quickly. These funds will help. It will be a long road to recovery,” she said.

About Freeport LNG

Freeport LNG Development, L.P., owns and operates an existing LNG regasification terminal located near Freeport, Texas, and is now constructing a natural gas liquefaction and LNG export facility there. Michael Smith controls the general partner of Freeport LNG Development, L.P.
