Officials with the Harris County Flood Control District will hold public meetings in each of the county's 23 watersheds. The purpose of each meeting is to describe projects that could be candidates for funding in the 2018 Flood Control District bond program and to solicit residents' input on other flooding issues that should be addressed.

These meetings have been declared to be special meetings of Harris County Commissioners Court so that members of Commissioners Court may attend and participate.

Opening remarks will begin promptly at 6 p.m. followed by an open house for the community to provide input to elected officials and the Flood Control District. The focus of this meeting is the Jackson Bayou watershed.

**ABOUT THE HARRIS COUNTY FLOOD CONTROL DISTRICT**

The Harris County Flood Control District provides flood damage reduction projects that work, with appropriate regard for community and natural values. With more than 1,500 bayous and creeks totaling approximately 2,500 miles in length, the Flood Control District accomplishes its mission by devising flood damage reduction plans, implementing the plans and maintaining the infrastructure.
