RESIDENTIAL DEBRIS AND DAMAGE ASSESSMENT

For Immediate Release

HARRIS COUNTY, TEXAS—Harris County Residential Debris and Damage Assessment teams will begin debris clearance and damage assessments during the Labor Day 2017 weekend in unincorporated areas of the County affected by Hurricane Harvey.

RESIDENTIAL DAMAGE ASSESSMENTS BEGIN SUNDAY, SEPTEMBER 3, 2017

If you live in unincorporated Harris County and have experienced flooding, you will need a permit to repair and/or rebuild. This is a FEMA requirement to ensure that flood insurance is available to residents of Harris County. Your insurance and/or FEMA will likely require seeing a copy of this permit in order to receive a refund.

Harris County inspectors will conduct in-home residential damage assessments. Residents will be able to clearly identify County inspectors by their County employee badges and County engineering department trucks. If you have a question about any inspector, please promptly call our hotline at 713-274-3880 to verify their identity.

RESIDENTIAL HOME INSPECTIONS AND PERMITS ARE FREE OF CHARGE.

RESIDENTIAL DEBRIS REMOVAL BEGINS MONDAY, SEPTEMBER 4, 2017
